

Enclosure to the application for Swedish Institute Scholarships for master's level studies in Sweden starting academic year 2026/2027

CURRICULUM VITAE TEMPLATE (Instructions)

To be eligible for an SI scholarship you must provide a CV in your scholarship application.

- The CV should only contain relevant information about your experience and background in accordance with the categories and headings in the template.
 - You may not alter the formatting of the template nor create new categories or headings in the template. **Alterations will render your application ineligible.** However, you may delete headings/entries you do not need. (See below.).
 - Fill out separate entries for each experience/degree/network engagement/scholarship as needed under each of these categories. Delete any headings or entries you deem unnecessary according to your situation. You can add entries (except under the category “work experience”) as long as the CV does not exceed 3 pages.
 - All entries under each category must be in reverse chronological order, starting from the most recent.
 - The completed CV may **not exceed 3 pages**. Any pages exceeding the maximum will not be considered.
 - The completed CV should be converted into PDF format before you upload it in the application portal. Do not include this instruction page when converting into a PDF document.
 - Do not attach any annexes to the CV. Any other annexes will be disregarded.
 - If you are using a Mac computer and are unable to click on the drop-down lists, try filling out the CV on a PC instead.
